EXPLANATION OF SYMBOLS

The following symbols are used to denote revisions:

Changed Rates or Charges

- ▲ - to denote increases;
- ▼ - to denote reductions;
- ◆ - to denote restructured material, containing both increases and decreases in rates or charges.
- N - to denote new rates or charges;

No Change to Rates or Charges

- C - to denote new or changed wording where neither an increase nor reduction in rates or charges results therefrom; and
- o - to denote deleted matter;
- # - to denote changed item numbering or lettering.

1000. <u>ACTIVATION OF A NETWORK ROUTING CAPABILITY</u>	This custom designed arrangement provides for activation of an additional network traffic routing capability for an Alternate Provider of Long Distance Service.	
One-time Charge	\$9,373.00	N

Item	<u>USE OF TOWER & ASSOCIATED BUILDING SPACE BY BROADCASTING UNDERTAKINGS</u>	N
1100. <u>SERVICE DESCRIPTION</u>	<p>The use of Tower and Associated Building Space Service provides a Broadcasting Undertaking (Broadcaster), duly licensed pursuant to the Broadcast Act, a right to occupy space on towers or in associated buildings owned or controlled by MTT (MTT Site(s)) for the purpose of placement of Broadcaster-owned equipment utilized solely for provision of Broadcast Services.</p>	
1101. <u>CONDITIONS OF SERVICE</u>	<ol style="list-style-type: none">1. The use of Tower and Associated Building Space Service shall only be applicable to situations where a Broadcasting Undertaking requests both the use of the tower and associated buildings on a MTT Site.2. MTT shall provide tower and building space at a MTT Site for the placement of Broadcaster-owned equipment subject to the availability of space at the MTT Site. In all cases, MTT's present and future requirements for space will take precedence.3. Placement of Broadcaster-owned equipment at a MTT Site is subject to prior written approval of MTT.4. In requesting space from MTT, the Broadcaster shall submit to MTT all working drawings, equipment specifications and other related documentation as may be required by MTT.5. Once accepted and approved by MTT, no variation, amendment or change to the aforementioned documentation shall be made by the Broadcaster without MTT's prior written approval.6. At the expense of the Broadcaster, MTT shall provide all design modifications to the MTT Site to accommodate the equipment of the Broadcaster. Charges associated with provide all design modifications to the MTT Site to accommodate the equipment of the Broadcaster shall be based on the costs incurred.7. All installation, connection, maintenance, moves, changes, rearrangements, repair and removal of Broadcaster-owned equipment at a MTT Site shall be performed by MTT personnel, an authorized agent of MTT or a contractor approved by the Company in writing prior to the work being carried out.8. Access to MTT Sites shall be restricted to MTT's personnel or MTT authorized contractors or agents. Access by the Broadcaster shall only be provided with prior written authorization from MTT and if required, under the direct supervision of MTT's personnel. Access to towers located on MTT Sites shall be restricted to MTT's personnel or an authorized agent at all times.9. The Broadcaster's equipment, and the placement of such equipment at a MTT Site, shall conform with MTT's standards as modified from time to time.	

Item	<u>USE OF TOWER & ASSOCIATED BUILDING SPACE BY BROADCASTERS (Cont'd)</u>	N
1101. <u>CONDITIONS OF SERVICE (Cont'd)</u>	<p>10. MTT shall provide utilities for the MTT Site including electrical power and heat as MTT deems necessary. In no event shall MTT be liable to the Broadcaster in the event of inadequate utility services, the loss of utility services or failure to provide utility services. A maximum power draw of 1000 watts per bay, (on average), will be allowed. Charges associated with modification of the existing plant in order to supply the above power load or any additional load will be based on the costs incurred.</p> <p>11. The Broadcaster shall not cause or permit to be caused any nuisance to or interference with the equipment or services of MTT or any third party, nor infringe the rights of MTT or any other party authorized by MTT to use the MTT Site.</p> <p>12. The Broadcaster shall, at its expense, prevent and eliminate any and all nuisance to or interference with the equipment or services of MTT or any other party authorized by MTT to use a MTT Site for which it is responsible. If, in the opinion of MTT, such precautionary or remedial measures do not eliminate or sufficiently reduce such nuisance or interference, MTT reserves the right to take whatever corrective action MTT deems necessary and to charge the Broadcaster for all costs incurred by MTT in order to eliminate or reduce the interference. MTT also reserves the right to remove the Broadcaster's equipment from the MTT Site if such nuisance or interference continues, or if MTT deems the cause of the interference to be uncorrectable.</p> <p>13. Notwithstanding any other provisions in MTT Tariffs, the Broadcaster agrees to save, defend, keep harmless and fully indemnify MTT from and against any and all loss, costs, charges, damages (including but not limited to damage to property and personal injury), actions, claims, demands, awards, suits or other claims which MTT may at any time or times hereafter bear, sustain, suffer, or become subject to, arising out of, from or by reasons of any act or omission of MTT in connection with the performance of its obligations under this Tariff Item. The carrying out by MTT of its obligations in accordance with this Tariff Item or the use or occupation of the MTT Site by the equipment of the Broadcaster, damage or destruction of the MTT Site, damage to or destruction of the Broadcaster's equipment, termination or the right to occupy the MTT Site by the Broadcaster due to damage, destruction or abandonment of the MTT Site, or any installation, connection, maintenance, moves, changes, rearrangements, repair or removal of the Broadcaster's equipment by MTT.</p> <p>14. Notwithstanding any other provisions in MTT Tariffs, MTT shall under no circumstances be liable to the Broadcaster for any special, indirect, incidental or consequential damages including, without limitation, business, economic loss or loss of anticipated profits, and whether or not MTT has been advised of the possibility of such damages.</p> <p>15. In no event whatsoever, regardless of the form of cause of action or the number of claims asserted, shall the total collective liability of MTT and its servants, employees, directors, officers, and agents to the Broadcaster for all claims exceed the amount paid by the Broadcaster for use of the MTT Site.</p>	N

Item	<u>USE OF TOWER & ASSOCIATED BUILDING SPACE BY BROADCASTERS (Cont'd)</u>	N
1101. <u>CONDITIONS OF SERVICE (Cont'd)</u>	<p>16. The Broadcaster shall not be entitled to any claim against MTT in the event of failure to provide services where such failure is directly or indirectly caused by or results from an event or events beyond the control of MTT. These events shall include, but not be limited to, fire, flood, earthquake, accident, civil disturbance, war, rationing, embargoes, strikes or labour problems, delays in transportation, acts of God or acts of government.</p> <p>17. The Broadcaster shall, at its expense, maintain commercial general third party liability insurance covering damage to the MTT Site including, not limited to, all equipment located at the MTT Site, including loss of use thereof. Such insurance shall be in amounts agreeable to both the Broadcaster and MTT, but in no circumstances shall the limit be less than \$5 million.</p> <p>18. In the event that MTT elects to relocate, evacuate, dismantle or abandon an MTT Site, the Broadcaster shall, at its expense, remove, subject to the terms and conditions of service in this Tariff Item, its equipment, facilities, and accessories from the MTT Site within 180 days of the date set forth in the written notice from MTT. In the event that the Broadcaster does not acknowledge receipt of MTT written notice or arrange alternative arrangements for its equipment located at MTT, the equipment of the Broadcaster may be disposed of at the discretion of MTT without further notice or compensation to the Broadcaster.</p> <p>19. Connection of Broadcaster-owned equipment at a MTT Site to a MTT network or a MTT service shall be carried out only by MTT personnel or by an agent approved by MTT.</p> <p>20. That portion of the facilities connecting a Broadcaster's equipment located at an MTT Site to the next immediate Broadcaster Site shall either be owned by the Broadcaster or be provided by MTT.</p>	N

Item USE OF TOWER & ASSOCIATED BUILDING SPACE BY BROADCASTERS (Cont'd) N

1102. RATES

The Broadcaster shall pay a MTT Site User Fee based on the Site Category Rate shown in the following table. The Site User Fee and Service Charge are chargeable in addition to any other rates and charges that may be applicable.

The user fee per site is determined by multiplying the number of building units and tower units at the site by the corresponding rate per unit.

Service Item	Site Category Rate Monthly Rate per Unit	Service Charge
1a. Building Unit	General Tariff Item 1225.1a	Note 2
1b. Tower Unit	General Tariff Item 1225.1b	Note 2

Notes:

1. The Building Units and the Tower Units where:
 - (a) A Building Unit is defined as one (1) unit for each standard equipment bay, or portion thereof; and
 - (b) A Tower Unit is defined as one (1) unit for each physical location of antenna to be mounted on the tower.
2. The customer shall be assessed a one-time Service Charge, on a case-by-case basis. This charge will be based on the costs incurred by MTT.

Item CHANNELS FOR DATA TRANSMISSION

4110. SPECIAL ASSEMBLY FOR WAN SERVICE

1. This custom designed arrangement provides a data network interconnection between a central hub location and numerous remote locations. The Service provides an ethernet termination on a private frame relay based transport between remote sites and a single central site. Throughput rates of 4Kb/s and 16Kb/s are available.

The service is provided under a five year contract for the facilities, equipment, maintenance and network management.

2. The contract provides for a minimum commitment for the number of sites per year of the contract. The minimum commitment charge is a lump-sum, up-front, yearly payment described below for each year of the contract.

The customer may exceed the minimum number of sites in a given year of the contract. These sites will be provided under the up-front payment of a one time charge and monthly rate to the end of the contract year. The pricing components are described below.

	<u>YEAR 1</u>	<u>YEAR 2</u>	<u>YEAR 3</u>	<u>YEAR 4</u>	<u>YEAR 5</u>
<u>Minimum Commitment</u>					
Yearly Charge	\$514,000	\$542,500	\$646,000	\$749,500	\$853,000
<u>Number of Sites</u>					
16Kb/s CIR	80	100	120	140	160
4Kb/s	20	25	30	35	40

Additional Sites (In any year of the contract)

<u>One Time Charge</u>	<u>Monthly Charge 16Kb/s</u>	<u>Monthly Charge 4Kb/s</u>
\$1,000	\$400	\$275

3. The customer may terminate this agreement at any time upon ninety days prior written notice to MTT. In the event the customer terminates this agreement or any portion of the service provided prior to the five year term, the customer shall pay to MTT in a single payment the net present value of the charges applicable for the unexpired portion of the agreement. The customer may terminate the agreement without penalty, if the customer enters into an agreement with MTT to upgrade the service provided the contracted revenues under the upgraded service are equal to or exceed those remaining under this agreement. The customer shall give MTT ninety days of the intention to upgrade.
